

AE-DC4328-K5

Key Feature

- Video: Front 2K HD camera, support 105° horizontally, 123° diagonal, adjustable up and down, left and right angles; pull back 1080P HD camera
- Audio: microphone voice collection, speaker audio output
- Display: 3 inch touch screen
- Gravity sensor: Built-in G-Sensor sensor, emergency video starts recording when the vehicle is in collision or severe vibration, and emergency video backup is locked;
- Voice recognition: Support 9 voice commands such as "open screen", "display pre-recording", "display post-recording", "view all", "close screen", "video lock", "I want to take a photo", "open recording", "close recording", etc.
- Communication: Built-in Wi-Fi module
- Video storage: Support TF card storage, maximum support 128GB, loop video, seamless connection without missing seconds
- Mobile APP: Support mobile APP connection, real-time viewing of video, video playback and parameter setting
- Parking monitoring: Support 12 hours/24 hours/48 hours parking monitoring
- Easy installation, simple operation, plug and record, automatic recording after power on

Accessories

Specification

Basic Parameter	
Front camera resolution	2560*1440P
Rear camera resolution	1920×1080P
Video resolution	Front- When not pulling back: 2160P30fps , 1440P30fps , 1080P30fps Front- When pulling back : 1440P30fps , 1080P30fps Rear : 1080P25fps
Screen	3-inch touch screen
Maximum lens angle	D=123° , H=105° , V=56°
aperture	F1.55
Sensor	CMOS
Video compression	H.265
OSD overlay	Display the recorded date, time
Image Format	JPEG
Storage medium	TF 卡 , Support 16-128GB
Communication module	Wi-Fi
Detector	G-Sensor
Interference	
Power Interface	mini USB2.0
Audio	MIC Input、 Built-in speaker output
General	
Working Temperature& Humidity	-20°C~70°C , 0%-95%
Power Supply	DC5V 2A
Power consumption	4W
